

Hooe Lake

East Cornwall District

Hooe Lake Camp Site is part of the Mt Edgcombe Country Park. The Park is run jointly by Plymouth City Council and Cornwall County Council. Entry to the Park and its gardens is free, and they are open from dawn to dusk all year round. There is ample opportunity within the Park for nature trails, orienteering, treasure hunts etc.

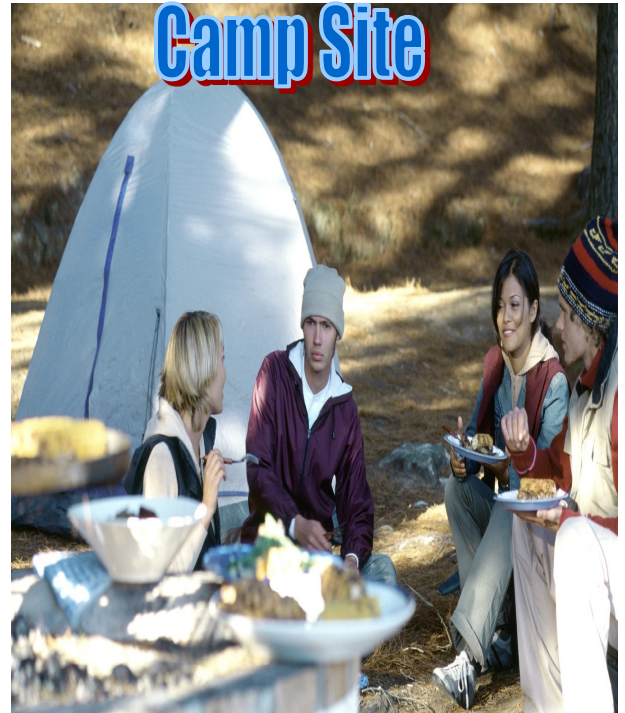

Recently, a new tourist centre has opened very near to the house. Here you will find a café in the old stables, a gift shop and a plant centre. There is also an excellent museum which is both entertaining and informative to young and old. There is an opportunity there to watch bats by a remote camera, to watch a film telling the history of the house and its grounds. The complex is well worth a visit and it is free!!

The site itself is a green field site. Unfortunately there are no toilet facilities, there is a tap sited at the top of the field. We permit altar fires only, to be sited at the perimeter of the field. There is a concrete slab by the Beacon for Camp Fires and Backwoods Cooking.
